SURFEITED PIGS .- "Bramley," in the

Canada Farmer, says:

"I would say that almost any animal having grown 'amazingly fast' for ten weeks is in danger of sickness. It argues over-feeding; a fault a pig is naturally inclined to, and in this case was tempted to include the property.

elined to, and in this case was tempted to indulge the propensity.

"I have wondered if the hog cholera, of which they complain out West in the United States, is occasioned by being fed exclusively on corn. I am of opinion (but what is the value of an opinion?) that pigs require a mixed diet; that they are by nature omniverous, that they require a portion of animal food, and moreover a prixtion of animal food, and, moreover, a mix-ture of good clean dirt with it. Horses are clean feeders, but they, especially sucking colts, cat dirt with avidity when they can only get it at long intervals. Pigs get dirt and grubs too, when, as in a state of nature, they live by grubbing.

TO PREVENT CALVES FROM SUCKING .-If you or any of your readers have been pestered with the contrary wilfulness and pestered with the contrary wilfulness and persistence of a badly-weaned calf, as I have been for the past twelve mouths, they will be glad to know that a common snaffle bit will cure the beast most effectually. A colored man, George Daniels, who has charge of my stock, claims that he "is de fust chap who invented dat machine," and it has certainly answered the purpose with a two year old heifer, which has given George a "site of trouble" for the past year. He tied a strong twine string to the bit, and thus fastened it on her head as a bridle would be put on any animal. It bridle would be put on any animal. It does not interfere materially with the feeding of the beast, and I have no doubt will be an easy and thorough remedy for the trouble, either with calves or cows disposed to milk themselves.—Cor. other means, and the vital organs wasted beyond the point of repair.

For Imflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such diseases are caused by Viated Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequaled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs. Tightness of Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pinnples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the Blood pure, and the health of the system of so many thousands, are effectually destroyed and removed.
